PROJECTS

- **Online Books Store**
  My online bookstore is a user-friendly platform designed using HTML, JavaScript, and CSS. It offers a seamless experience for buyers and sellers alike. Shoppers can browse through a wide range of books, read detailed descriptions, and securely purchase their desired products.

- **Online Examination System**
  My online examination system, built with HTML, CSS, and JavaScript, offers a comprehensive platform for students and teachers. Students can take exams online, with a timer to track their progress. The system automatically grades the answers and provides instant results. Teachers have the ability to add, edit, and manage questions in the question bank.

HOBBIES

- **Volleyball**
- **Travelling**
